Then, select the appropriate test cycle. If you do not have access, please contact your district assessment coordinator for assistance.

Permissible Use of Assessment Results

Remember, **individual student results may be shared with parents at this time**; however, it is **not permissible** to share any district or school-level results with parents, the community, or other external parties until results are released to the public. School board meetings are open meetings; therefore, the sharing of embargoed assessment results at these meetings is not permissible until the public release. **Aggregate school or district data may be shared with teachers, administrators, internal committees and consultants who make use of the data for planning and school improvement purposes.**

These reports are provided to you on the BAA Secure Site in advance of release to the public and news media to allow you time to examine your assessment results. A date for the public release of this information will be scheduled by the Michigan Department of Education in the near future.

Release of school and district results in advance of the public release date (to be announced by the Michigan Department of Education) may jeopardize this courtesy for your school in the future.
